

# GIBBINS® EUROPEAN ARCHITECTS

gibbins® european architects provides national and international clients with value-sustaining and value-adding services as architects, engineers, urban planners and surveyors.

Established in 1971 by Olaf Gibbins and managed in second generation by the working couple Hoai Trinh Gibbins and Oliver Gibbins, together with a large team of experienced employees. gibbins® european architects has its head office in Potsdam and maintains offices in Berlin, Hamburg and Frankfurt/M.

As general planners gibbins® european architects provides all architectural and engineering services required by realising new buildings and restoring old buildings and listed facilities.

International clients from Denmark, Norway, Sweden, Spain, England and USA are advised and supported by gibbins® european architects when purchasing, enhancing and managing real estate within the scope of their commitments in Germany and abroad.
